Partners in Advancing Education for International Social Work Awards

In 2003 the CSWE Commission on Global Social Work Education initiated the *Partners in Advancing Education for International Social Work Awards* to recognize the contributions of partners in the advancement of conceptual, curricular and programmatic innovations in education for international social work. Three Partner awards are given annually, one for each of the following categories:

1. individuals or teams of individuals,
2. degree-granting social work education programs, and
3. national and international organizations.

We are pleased to announce that INDOSOW, the International Doctoral Studies in Social Work at the University of Ljubljana, has been selected to receive the 2009 Partners in Advancing Education for International (PIE) Social Work Award in the degree-granting program category. The CSWE Global Commission is delighted to recognize INDOSOW's extraordinary achievements in international social work education.

INDOSOW will receive a plaque and a letter recognizing their contributions in the field of international social work during CSWE's Annual Program Meeting to be held in San Antonio, Texas from November 6-November 9, 2009.
